## Easy Organizer Suite™

## How To Update Easy Organizer Suite™ Manually on Windows 10

To update Easy Organizer Suite<sup>™</sup> manually on Windows 10, follow these instructions:

1. If Easy Organizer Suite<sup>™</sup> is open, close it by clicking on the red X in the upper right corner of the window.

2. Download the update file. Click <u>here</u> to download the update file. The file should begin downloading. If it does not, please turn off your anti-virus software while downloading the file.

If your anti-virus software does not allow you to download the file or you have any troubles downloading the file from the Easy Organizer Suite website, please click <u>here</u> to download the file from the Dropbox location.

3. When the file has finished downloading, click on the Open button.

4. A File Explorer window will appear. Click on the Extract button to extract the files.

## 5. The extract options will open. Click on Extract All.

6. Select a destination and extract files will open. Click on the Extract button.

7. Please wait while the files are being extracted.

8. Once the files have been extracted, the folder will be shown with all of the files in it. Double click on the Update.exe file to run the Update Wizard.
